Re: 2003-2004 Trip Hazard Elimination Project, Notice to Proceed

Dear Mr. Gardner,

The Bountiful City Council accepted your proposal to extend your contract for sidewalk repair at City Council Meeting on Tuesday, May 14, 2002, and awarded the contract subject to the signing of the Agreement and providing the Performance Bond.

Enclosed are the following documents:

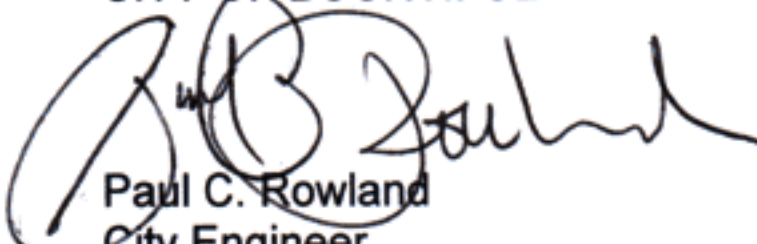

1. Three copies of the Contract Agreement.

Would you please sign all copies of the Agreement and return one signed copy to Bountiful City. The other two original signed contracts are for you.

As we discussed, we will be ready for you to begin work on the project right after the first of July. I have established a program we hope to follow over the next few years to cover the entire city with this work and will get you a map showing the areas to be covered with this years project. The council was so happy with the work you have done so far that they approved expanding the contract to \$125,000.00 for the coming fiscal year (July-June).

Thank you for your proposal. We look forward to working with you.

Sincerely,
CITY OF BOUNTIFUL
